REF: MUNI 2145 - 24864

1. On 15 November 1955, during a regularly scheduled contact with the undersigned, AECASSOWARY 3 and 6 furnished the following information:

a. AECAVATINA 5, in discussions with AECASSOWARY 3, indicated that SMOTH was in receipt of a message in which it was indicated that the team had already departed for the West. However, AECAVATINA 5 did not indicate whether this was a message received subsequent to that indicated in paragraph 1C of above reference.

b. According to AECAVATINA 5, SMOTH representative [] intends to visit Munich on 24 and 25 November at which time he will introduce his replacement to AECAVATINA 5. [] earlier indicated to AECAVATINA 5 that he intended to retire during the latter part of 1955.

c. AECASSOWARY 7 is currently in Munich in order to take care of certain internal AECASSOWARY 1 matters, the nature of which were not indicated. In addition he will attempt to conceive definitive plans for the unification of the Ukrainian emigration in line with current efforts by Roman FLINITSKY, of the anti-BANDERA ZCHOUN, and those of D. ANDRIYEVSKYY, of the OUN/M, in this direction which efforts seem to have found some responsive chord among the emigres. AECASSOWARY 3 also indicated that AECASSOWARY 7 will hold several sessions in order to increase the effectiveness of the AECASSOWARY 1 publication.

d. Partially because of the favorable reception given the literary section of the AECASSOWARY 1 publication by the Ukrainian emigre colony and partially because this facet has not been covered in other emigre publications the AECASSOWARY 1 publication is initiating a Socio-Economic section to its pages. The editor of this section will be Professor Kost KONONENKO, who is currently employed with the AECASSOWARY 1 RPRIME study group. Contributing editors will be Professor WASILIEW, Dr. Evhen LOVYNSKYI, and Dr. PETROVYCH.

2. AECASSOWARY 3 requested that he be apprised of the decision reached in regard to KUBARK subsidization of the anti-BANDERA ZCHOUN newspaper, "Ukrainskiy Samostiynik". According to AECASSOWARY 4, this subsidization was under consideration by KUBARK earlier in 1955. AECASSOWARY 3 was apprised that an attempt will be made to learn the current status of this projected KUCAGE effort and that he would be informed accordingly.
